WHAT CAN YOUR STATE BE DOING?

Contact Person

Name a person and provide the contact information for those who have issues with creating a user account. This will be provided by the CCC to your home state licensees.

FAQ

Develop an FAQ for common questions you might receive, including why your state isn't in the list of states that are going live and can someone provide supervision under the privilege to practice.

Checklist

The CCC provided a checklist and list of questions to help the state prepare for onboarding. Review that checklist and work towards answering as many questions as possible.
